*** Price Includes**

- Delivery and placement on your foundation to an ideal set site within our local delivery and placement area. Please contact our sales rep for more information regarding delivery and placement outside our local area.

- Distributed Energy Recovery Ventilation (ERV) System - as required by Washington code. Oregon clients may select a Spot ERV, as allowed by code, with a \$1,500 credit, \$3,000 on Duplexes.

**** NOTE: The "State Energy Code Compliance Measures and HVAC" prices are estimated for State required energy conservation. In larger homes the price includes costs for higher thermal insulation ratings as required. Your Compliance Measures price may be higher or lower than the estimated prices shown depending on the size, design and location of your home, and the measures you choose. Our sales representative will help you select your preferred Code Compliant Measures and HVAC system.**

Price Does Not Include

- Appliances, site preparation, foundation, utility connections, below floor plumbing, below floor insulation, decks, or stairs, and flooring
- **Washington State Sales Tax:** Tax rate is based upon site location (Washington sites only)
- **Design fees** for custom plans or design fees for changes to a TLC design
