### \* Base Price Includes

- Standard roof pitch, determined by shipping height restrictions. Typical is 3/12.
- Delivery and placement on your foundation to an ideal set site within our local delivery and placement area. Please contact our sales rep for more information regarding delivery and placement outside our local area.
- Distributed Energy Recovery Ventilation (ERV) System - as required by Washington code. Oregon clients may select a Spot

### \*\* State Energy Code Compliance Measures not including HVAC

Prices are estimated for the minimum State required energy conservation measures, not including HVAC. Homes at 1500 ft<sup>2</sup> and larger require more energy measures. Your Compliance Measures price may be higher or lower than the estimated prices shown depending on the size, design, location of your home, and the measures you choose. Our sales
